## BEST OF BREED COMPETITION

The following categories of dogs may be entered and shown in Best of Breed competition: Dogs that are Champions of Record. Dogs which according to their owner's records have completed the requirements for a championship, whose championships are unconfirmed. The entry and showing of dogs whose championships are unconfirmed is limited to a period of 90 days from the date of the show where a dog completed the requirements for a championship according to the owner's records. If, at the end of the 90 day period, the championship of a dog has not been confirmed by AKC, no further entries of the dog for Best of Breed competition are to be made until its championship has been confirmed by AKC.

### SELECT

When quality warrants, after the Best of Breed, Best of Winners and Best of Opposite Sex are judged, the remaining Dogs/Bitches will remain in the ring. The judge may award Select Dog and Select Bitch from among the Champions of record. (Non Regular Class winners that are Champions and Qualify for BOB at eligible) (WD or WB are not eligible). The award of Select Dog or Bitch is at the sole discretion of the judge. (AKC Dog Show Rules, Chapter 3, Section 14 Effective 5-12-10)

### AWARDS OF MERIT

A Judge may, at his/her discretion, present a Judge's Select Award to those quality dogs he/she feels are worthy of final consideration in Best of Breed. Judge's Select Award winners will receive a three streams rosette in Belgian colors of black, yellow & red. The number of these awards is determined by the number of dogs actually competing in the ring (excluding Select Dog and Select Bitch):

**GENERAL FUND DONATIONS**

Joie Chandler - Jetstar
Breed Standard

General Appearance
The Schipperke is an agile, active watchdog and hunter of vermin. In appearance he is a small, thickset, cobby, black, tailless dog, with a fox-like face. The dog is square in profile and possesses a distinctive coat, which includes a stand-out ruff, cape and culottes. All of these create a unique silhouette, appearing to slope from shoulders to croup. Males are decidedly masculine without coarseness. Bitches are decidedly feminine without overrefinement. Any deviation from the ideal described in the standard should be penalized to the extent of the deviation. Faults common to all breeds are as undesirable in the Schipperke as in any other breed, even though such faults may not be specifically mentioned in the standard.

Size, Proportion, Substance
Size--The suggested height at the highest point of the withers is 11-13 inches for males and 10-12 inches for bitches. Quality should always take precedence over size. Proportion--Square in profile. Substance--Thickset.

Head
Expression--The expression is questioning, mischievous, impudent and alert, but never mean or wild. The well proportioned head, accompanied by the correct eyes and ears, will give the dog proper Schipperke expression. Skull--The skull is of medium width, narrowing toward the muzzle. Seen in profile with the ears laid back, the skull is slightly rounded. The upper jaw is moderately filled in under the eyes, so that, when viewed from above, the head forms a wedge tapering smoothly from the back of the skull to the tip of the nose. The stop is definite but not prominent. The length of the muzzle is slightly less than the length of the skull. Eyes--The ideal eyes are small, oval rather than round, dark brown, and placed forward on the head. Ears--The ears are small, triangular, placed high on the head, and, when at attention, very erect. A drop ear or ears is a disqualification. Nose--The nose is small and black. Bite--The bite must be scissors or level. Any deviation is to be severely penalized.

Neck, Topline, Body
Neck--The neck is of moderate length, slightly arched and in balance with the rest of the dog to give the correct silhouette. Topline--The topline is level or sloping slightly from the withers to the croup. The stand-out ruff adds to the slope, making the dog seem slightly higher at the shoulders than at the rump.
Body--The chest is broad and deep, and reaches to the elbows. The well sprung ribs (modified oval) are wide behind the shoulders and taper to the sternum. The forechest extends in front of the shoulders between the front legs. The loin is short, muscular and moderately drawn up. The croup is broad and well-rounded with the tail docked. No tail is visually discernible.

Forequarters
The shoulders are well laid back, with the legs extending straight down from the body when viewed from the front. From the side, legs are placed well under the body. Pasterns are short, thick and strong, but still flexible, showing a slight angle when viewed from the side. Dewclaws are generally removed. Feet are small, round and tight. Nails are short, strong and black.

Hindquarters
The hindquarters appear slightly lighter than the forequarters, but are well muscled, and in balance with the front. The hocks are well let down and the stifles are well bent. Extreme angulation is to be penalized. From the rear, the legs extend straight down from the hip through the hock to the feet. Dewclaws must be removed.

Coat
Pattern--The adult coat is highly characteristic and must include several distinct lengths growing naturally in a specific pattern. The coat is short on the face, ears, front of the forelegs and on the hocks; it is medium length on the body, and longer in the ruff, cape, jabot and culottes. The ruff begins in back of the ears and extends completely around the neck, the cape forms an additional distinct layer extending beyond the ruff; the jabot extends across the chest and down between the front legs. The hair down the middle of the back, starting just behind the cape and continuing over the rump, lies flat. It is slightly shorter than the cape but longer than the hair on the sides of the body and sides of the legs. The coat on the rear of the thighs forms culottes, which should be as long as the ruff. Lack of differentiation in coat lengths should be heavily penalized, as it is an essential breed characteristic.

Texture
The coat is abundant, straight and slightly harsh to the touch. The softer undercoat is dense and short on the body and is very dense around the neck, making the ruff stand out. Silky coats, body coats over three inches in length or very short harsh coats are equally incorrect.

Trimming
As the Schipperke is a natural breed, only trimming of the whiskers and the hair between the pads of the feet is optional. Any other trimming must not be done.
Color
The outercoat must be black. Any color other than a natural black is a disqualification. The undercoat, however, may be slightly lighter. During the shedding period, the coat might take on a transitory reddish cast, which is to be penalized to the degree that it detracts from the overall black appearance of the dog. Graying due to age (seven years or older) or occasional white hairs should not be penalized.

Gait
Proper Schipperke movement is a smooth, well coordinated and graceful trot (basically double tracking at a moderate speed), with a tendency to gradually converge toward the center of balance beneath the dog as speed increases. Front and rear must be in perfect balance with good reach in front and drive in the rear. The topline remains level or slightly sloping downward from the shoulders to the rump. Viewed from the front, the elbows remain close to the body. The legs form a straight line from the shoulders through the elbows to the toes, with the feet pointing straight ahead. From the rear, the legs form a straight line from the hip through the hocks to the pads, with the feet pointing straight ahead.

Temperament
The Schipperke is curious, interested in everything around him, and is an excellent and faithful little watchdog. He is reserved with strangers and ready to protect his family and property if necessary. He displays a confident and independent personality, reflecting the breed's original purpose as watchdog and hunter of vermin.

Disqualifications
A drop ear or ears.
Any color other than a natural black.
Approved November 13, 1990
Effective January 1, 1991
Today we dedicate our show to the memory of Gerry Englemark & Dee Hebert
This show is dedicated to
Geraldine “Gerry” Englemark

Geraldine, known as Gerry to her friends was born June 2, 1951 on Long Island, NY. She loved dogs and had different breeds her whole life. As an adult, she and her husband, Rich, had Siberian Huskies that Gerry showed and were involved in sledding. They also had German Shepherds. Gerry taught obedience starting in the 1970s at a dog training facility on Long Island and in the early 1990s took over the school with Helene Doberman after the owners, Eunice and Lynn, passed away and the school was renamed the Long Island School of Dog Training. In 1995 they moved to Southern California. Gerry loved her Sibs and German Shepherd and in 2000 she purchased her first schipperke, “Wica” (CH De Lamer Wicked Black Beach RN). The Sib and German Shepherd went to the Rainbow Bridge and in 2004 another schipperke came into the family, “Kizzy” (CH DeLamer Kiss O’ Flame). She bred Kizzy in 2007 and a litter of two girls were born in 2008, “Keeper” (GCH Petite TouTou Noire Keeper of the Flame) and “Niki” (GCH Petite TouTou Noire Nauti Kisses In The Night). She made the many trophies over the years for the SCSC Specialties and for the 2013 SCA National Specialty she made the Top 20 trophies for Breed, Best Opposite, the AOMs as well as the Best and Opposite to Best in Futurity, Maturity and Sweepstakes.

She was an extremely talented, creative, giving, caring person and an example of what we should all strive to be. Gerry will be missed by all who knew her and she will be in the hearts of all who had the pleasure of knowing her.

Even as her health declined her biggest enjoyment was going to dog shows. With the help of her friends, and in Gerry's honor, Keeper was shown to her Grand Championship title shortly after Gerry's passing on August 4, 2013.
This show is dedicated to

Dee Hebert

The SCSC lost a long time club member and a true lover of the Schipperke breed this past year.

Dee Hebert, who along with her husband Denis, are long time SCSC members, passed away in April 2013. While they didn’t show their Schipperke, they have a deep love for our breed, especially their little Schip Bella. Dee, along with Denis, was always there to help when asked. Dee was a kind, sweet lady who always had supportive, positive thoughts and ideas to share and a smile on her face.

Dee will be greatly missed, not only by Denis and her children, but also by all of us who had the pleasure of knowing her for so long.

AKC Code of Sportmanship

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance, and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented:

• Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
• Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
• Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
• The sportsman judge judges only on the merits of the dogs and considers no other factors.
• The sportsman judge or exhibitor accepts constructive criticism.
• The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
• The sportsman exhibitor refuses to compromise the impartiality of a judge.
• The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
