PLAN AND PREPARE

If an evacuation is ordered, know your local hurricane evacuation route and have a plan for where you can stay with your pets. The plan should include a designated safe meeting place and out of town emergency contacts.

EVACUATION INFORMATION

Do NOT leave your pet at home alone. The safest place for your pet to be is with you! Most evacuations last only a few days, but sometimes you may not be able to return to your home quickly because of fallen power lines and other hazards.

Your pet should wear a collar with its rabies tag and [identification collar tag](#) at all times and have a sturdy crate or carrier for emergency transport. Are you registered with AKC Reunite - Update your information if you must relocate <https://www.akcreunite.org>
