

# Register of Merit – Register of Merit Excellent – Hall of Fame

1952 – July 2019

*This is the current listing for the ROM/ROMX and HOF titles earned between 1952 and July 31, 2019. The Obedience HOF titles are based on the Schipperke earning an OTCH title or any level of UDX title or a HIT award at an all-breed Show or Trial. Agility HOF titles are based on the Schipperke earning any level of MACH title, PACH title, FTC/FTCP title or PAX2 or above title. Versatility HOF titles are based on the Schipperke earning any level of VCD title. Tracking HOF titles are based on the Schipperke earning a CT title, Rally HOF titles are based on the Schipperke earning a RAE3 title. Performance HOF titles are based on the Schipperke earning a SAR-U or SAR-W title. The dog/bitch's name in italics indicates an addition or change in status on this list since the complete list was last published on the website.*

All statistics have been confirmed through the AKC Awards, or through other documentation for Canadian titles and awards. The list will be published on the SCA website as the titles are earned and updated on a monthly basis. The data for earning these titles are based on the required number of Champion progeny in the US, and Champion progeny in Canada prior to January 1, 2006. Those requirements are:

ROM Dogs - 10 or more Champions	ROM Bitches - 6 or more Champions
ROMX Dogs - 20 or more Champions	ROMX Bitches - 10 or more Champions
HOF Dogs - 25 or more Champions	HOF Bitches - 12 or more Champions

Additional HOF titles are for **AKC Registered** dogs and bitches that have an All Breed BIS in the US or Canada prior to April 1999, or **AKC Registered** dogs and bitches that have an All Breed BIS in the US after April 1999. **No ROM, ROMX or HOF title may be used until it has been ratified by appearing on this list. NOTE: The SCA Board has passed a motion permitting direct notification of these titles. The title may be used once a letter of notification has been received. A certificate of title award will accompany the notification letter.** The qualifications for the Obedience HOF are: **AKC Registered** dogs/bitches with a High In Trial at an All Breed Show or Obedience Trial, any level of UDX title, an Obedience Trial Champion (OTCH), or an Obedience Master (OM). The qualifications for the Agility HOF are: **AKC Registered** dogs/bitches with a Master Agility Championship (MACH) title, Preferred Agility Champion (PACH), FAST Century/Preferred (FTC/FTCP), or a Preferred Agility Excellent (PAX2) title. **AKC Registered** dogs/bitches with a Champion Tracker (CT) title qualify for Tracking HOF. **AKC Registered** dogs/bitches with a versatility (VCD) title qualify for the versatility HOF. **AKC Registered** dogs/bitches with a Rally Advanced Excellent 3 (RAE3) title qualify for the Rally HOF.

**REMINDER:** These are titles given by the Schipperke Club of America. Individuals are advised that Titles may not be used unless they have been officially published on the SCA website or until they have received an official Certificate of Award. Anyone using a Title that has not been published on the SCA website or has not received an official Certificate of Award will receive a letter from the ROM/ROMX/HOF chair on behalf of the SCA Board with a request the Title be removed from all Pedigrees and Advertisements until qualifications have been met and published at the proper time.

All ROM/ROMX/HOF data are taken from the AKC Awards Books. The dog/bitch can only be counted once in the list of progeny. BIS HOF titles may only be given to American Bred dogs/bitches that have received an All Breed BIS in the USA, in Canada prior to April 1999, or American Bred dogs/bitches that have received an All Breed BIS in the USA after April 1999. It is the Committee's hope that Canada will establish the ROM also, so we can have a uniform system in both countries. If this is established, we hope to have reciprocal sharing of data.
